

STOP ARM CAMERA

License Plate Capture With High Resolution Weatherproof Camera

Tired of vehicles passing your school buses and not having any evidence of the crime?

If there's a stop arm violator... then you need proof... cold hard proof... nothing more, nothing less. With the addition of a stop arm camera to your NITRO™ system, you'll have all the proof you'll ever need. When installed by a recognized Gatekeeper Systems installer, the stop arm camera is installed in such a way as to capture part of the stop arm plate when its extended.
