FOR IMMEDIATE RELEASE

Gatekeeper Completes \$346,000 Contract with Reliant Transportation for Video Systems in Alaska

Abbotsford, BC August 8th, 2013 Gatekeeper Systems Inc. (the “Company” or “Gatekeeper”) (TSX.V: GSI) is pleased to announce the completion of its contract, totaling CDN \$346,000, with Reliant Transportation, a subsidiary of MV Transportation, for the delivery, installation and training of its video systems for 181 school buses.

Each school bus was outfitted with Gatekeeper’s solid state technology including four cameras and the G4 Incident Management Software that allows video management personnel to share incidents with hundreds of school personnel without downloading the software to each desktop. The systems are used to record incidents on the school buses providing MV Transport with factual information allowing them to deal with student behavior issues quickly.

MV Transportation operates more than 130 locations in 28 States, District of Columbia, Saudi Arabia and two Canadian Provinces. Over 16,000 transit professionals are employed operating nearly 200 contracts in all areas of the transit market.

“We are extremely pleased with the new relationship with MV Transportation and look forward to introducing our technology platforms to all of the MV Transportation subsidiaries”, said Doug Dymont, President and CEO of Gatekeeper.

About Gatekeeper Systems Inc.
