FOR IMMEDIATE RELEASE

Gatekeeper Systems Receives Order from San Diego Unified School District

Abbotsford, BC July 29, 2014 - Gatekeeper Systems Inc. ('Gatekeeper' or the 'Company') (TSX.V: GSI) is pleased to announce that San Diego Unified School District ("SDUSD"), a customer since 2010, has chosen Gatekeeper to continue to outfit their fleet with Gatekeeper's 304SD Mobile Digital Video Recorder. Gatekeeper will install four cameras per bus, each system equipped with 64GB cards and GPS. The total value of the order is US \$36,188. SDUSD is ranked as the 19th largest school district in the United States for the 2013 – 2014 school year with over 130,000 students.

Doug Dymant, President and CEO of Gatekeeper comments "San Diego Unified School District has been using the Company's solid state camera technology on their school buses for several years, and we are pleased that they have chosen Gatekeeper for an expansion".

The 304SD Mobile DVR is WiFi ready with an auto-wake feature which enables a user to turn the DVR and WiFi on remotely to access video.

About Gatekeeper Systems Inc.

Founded in 1997, Gatekeeper Systems is a leading provider of high resolution video security and safety systems for mobile applications. Our industry-leading Incident Management Software synchronizes real-time video, mapping, audio and vehicle sensors to create a total picture of operations. With these technologies, clients can detect, analyze and respond to safety and security threats anytime.

The company is organized into two divisions:

Gatekeeper® mobile video division gives school bus managers tools to see 360 degrees in and around school buses and ensure the safety of the children they transport. These tools include multiple high resolution color cameras that enhance safety inside the bus, and the Student Protector™ infrared license plate reading system. The Student Protector records the license plates of potentially deadly stop arm violators and issues tickets or citations for revenue sharing with the school district, county and Company. Gatekeeper's transit bus surveillance system records up to 16 cameras in high resolution, allowing transit managers to view video live from buses or record evidence from all cameras.
