FOR IMMEDIATE RELEASE

Gatekeeper Announces \$1.23 Million in New Orders

Abbotsford, BC, April 16th, 2015 - Gatekeeper Systems Inc. (“Gatekeeper” or the “Company”) (TSX.V: GSI) is pleased to announce that it has received new purchase orders for its mobile video security systems, totaling approximately CDN \$1.23 Million.

The total orders received are comprised of 75 customers located in 26 States and 3 Provinces. Gatekeeper’s expanding market penetration includes customers in every State and Province throughout North America with approximately 100,000 systems installed.

The Company launched a new solid-state mobile video platform two years ago and continues to receive significant interest from end users, system integrators and OEM equipment manufacturers. Gatekeeper’s mobile video products are expanding, providing its customers with a 360-degree view inside and outside their vehicles, and the Company intends to introduce its new and existing product line throughout 88 industry tradeshow and conferences within North America this year.

About Gatekeeper Systems Inc.

Founded in 1997, Gatekeeper Systems is a leading provider of high-resolution video security and safety systems for mobile applications. Our industry-leading Incident Management Software synchronizes real-time video, mapping, audio and vehicle sensors to create a total picture of operations. With these technologies, clients can detect, analyze and respond to safety and security threats anytime.

The Company is headquartered in Abbotsford, British Columbia, Canada, and its shares are traded on the TSX Venture Exchange under the symbol “GSI”.

The Company is organized into two divisions:

Deep Development Corp. focuses on law enforcement, military and oil and gas markets - from helping to protect overseas troops flying AC130 Gunships and operating Navy or Coast Guard vessels in extreme environments, to securing potential threats in oil and gas environments.

Deep Development's post-mission analysis software is used to detect, analyze and respond to security threats.

Gatekeeper® mobile video division gives school bus managers tools to see 360 degrees in and around school buses and ensure the safety of the children they transport. These tools include multiple high-resolution color cameras that enhance safety inside the bus, and the **Student Protector™** infrared license plate reading system. The Student Protector records the license plates of potentially deadly stop arm violators and issues tickets or citations for revenue sharing with the school district, county and Company. Gatekeeper's transit bus surveillance system records up to 16 cameras in high resolution, allowing transit managers to view video live from buses or record evidence from all cameras.
