FOR IMMEDIATE RELEASE

### **Gatekeeper Systems Signs Strategic Reseller Agreement with SunGard Public Sector**

- **Agreement Sets Foundation for Distribution Expansion of Body Cameras and XVAULT™ Data Management into United States Law Enforcement Market**

Abbotsford, BC August 20, 2015 - Gatekeeper Systems Inc. ("Gatekeeper" or the "Company") (TSX.V: GSI; OTC: GKPRF; FSE: 1GK) is pleased to announce that, further to its press release dated August 5, 2015, it has signed a Reseller Partner Agreement with SunGard Public Sector Inc. [SunGard Public Sector](#) provides software solutions that help government agencies, utilities and non-profits provide more effective services to their citizens and communities. SunGard Public Sector is an indirect subsidiary of SunGard, one of the world's leading software and technology services provider with approximately USD \$2.8 billion dollars in annual revenue.

Public safety and justice agencies uses SunGard Public Sector solutions to manage emergency dispatch operations, citizen and incident records, mobile computing in the field and operations of courts and jails. More than 115 million citizens live in communities that are supported by SunGard Public Sector products and services.

"Our arrangement with Gatekeeper will be a key component of our strategy around an end-to-end, fully integrated video solution for public safety agencies across the country," said Kevin Lafeber, general manager of public safety for SunGard Public Sector. "As focus on video for public safety operations increases from citizens and government, we recognize the need for a solution that will help agencies manage this data with ease and tap into this data as a powerful investigative tool."

**CREATING A SAFER WORLD**

**GATEKEEPER SYSTEMS INC.**

301-31127 Wheel Ave, Abbotsford, BC V2T 6H1 P: 604-864-6187 F: 604-864-8472 Web: [www.gatekeeper-systems.com](http://www.gatekeeper-systems.com)

The Company's products and services covered under the arrangement include body cameras, XVAULT™ Video Evidence Management System, designed as an enterprise platform software application capable of managing video from body-worn cameras and other mobile video systems, including police vehicles and aircraft, cell phones, security cameras and broadcast video, XCONNECT™ software, DOKN-GO™ software, and accessories, as well as installation and training services.

President and CEO Doug Dymant stated, "This relationship is an important milestone for Gatekeeper. Our engineering teams synchronized from the first meeting and I was confident a contract would be executed on – it was only matter of time before we worked out the details. Our goal of an open architecture platform strategy will bring together body cameras and docking stations with XVAULT™ video management software to integrate with SunGard Public Sector software solutions, in an effort to create unique product offerings for its customers. With the recent completion of our equity financing, we are now positioned to leverage the business development efforts of our team and position the Company to execute on our growth strategy, which includes an aggressive penetration plan into the North American public safety market."

### **About SunGard Public Sector**

SunGard Public Sector serves a wide range of customers—city and county governments, public safety and justice agencies, non-profit organizations, and state and federal government agencies. SunGard Public Sector products include public administration and public safety and justice software applications, as well as cloud-based services. These solutions help our customers and the citizens they serve to envision the future happening today. Visit SunGard Public Sector at [www.sungardps.com](http://www.sungardps.com).
