

GATEKEEPER

Covid-19 Statement – Gatekeeper

With the Corona Virus (COVID-19) affecting communities, families, and people around the world, this is a difficult time for all of us. Our hearts go out to all those who have been affected, directly or indirectly. At Gatekeeper, our priority remains the health and well-being of our employees, customers, and partners. We continue to be guided by the advice of public health agencies and officials.

Gatekeeper is working to ensure we continue to meet our delivery, service and warranty commitments. We are closely monitoring and coordinating with our suppliers to ensure we have adequate inventory of products and materials. There is currently no impact on our production or shipping, nor do we expect that there is any specific threat to our supply chain.

We are taking several precautionary measures to minimize the potential impact of Corona Virus. This includes the implementation of policies for hand washing, non-essential travel, social distancing and self-isolation where appropriate.

Our commitment to you during this situation remains as strong as ever. Thank you for your business and stay safe.

Regards,

Doug Dymont
President/CEO
